How is Hometown Pools better than the internet?

<u>SERVICE OPTION</u>	<u>HOMETOWN POOL SUPPLY</u>	<u>INTERNET RETAILER</u>
FREE DELIVERY	ALWAYS!	Check "Shipping & Handling" details
LARGE ITEM DELIVERY	TO YOUR BACKYARD	Curbside - you move it yourself
WARRANTY	WE WARRANTY EVERYTHING THAT WE SELL (In many cases, we are a manufacturer's service center)	Call manufacturer for warranty information (and some manufacturers don't honor warranties for online purchases)
INSTALLATION	WE OFFER INSTALLATION ON EVERYTHING WE SELL	The internet suggests you find an installer, who will likely charge a higher rate for online purchases
PUMPS/FILTERS AND HEATER WARRANTIES	SEE STORE FOR INCREDIBLE HOMETOWN DEALS	As little as 60 DAYS!
BUYING LOCALLY	FOR EVERY \$100 SPENT LOCALLY, \$68 GOES BACK TO YOUR COMMUNITY THROUGH TAXES, PAYROLL AND LOCAL SERVICES	You're supporting SOMEONE ELSE'S community, state and businesses.
KNOWLEDGEABLE STAFF	YES - AVAILABLE IN OUR STORES	NO - call center usually works off of a script
IN-STORE SERVICE	YES - BY CERTIFIED STAFF	NO - store not available
ORDER 24 HOURS A DAY	www.hometownpools.com info@hometownpools.com	YES

You will find we are competitive and we offer something the internet does not... your neighbors. We employ local residents who pay local taxes, mortgages and shop at other local retailers, thus helping our local economy in these challenging times.

Many of our staff have been with us for more than five years and those of you who shop in our stores recognize the same faces year after year. That kind of reliability is what has allowed us to serve thousands of New Jersey customers since 1991.

THANK YOU FOR YOUR CONTINUED SUPPORT!

*Your crew at
Hometown Pools*

Safety fencing by LOOP-LOC

This product is a removable mesh pool fence designed to provide a barrier around residential swimming pools to prevent access of toddlers and young children. This tension-based system comes in 12 foot sections for easy removal and storage when not in use. Fencing stands 54 inches tall and is available in black. The support poles are constructed of black aluminum.

Welcome to the Big Green Egg, the Original American Designed Ceramic Cooker. Derived from an ancient clay cooker called a "kamado," the modern Big Green Egg has undergone many improvements since it was introduced in 1974. Especially significant is replacement of the clay used in early models with durable space-age ceramics developed specifically for Big Green Egg to make the EGG® virtually indestructible under ordinary cooking conditions.
